

Optimize your cash flow and get paid faster with Sage Payment Solutions

Process credit and debit cards, anytime, anywhere

Both Sage 100 Contractor and Sage 300 Construction and Real Estate now integrate with Sage Payment Solutions to process credit and debit card receivables quickly and conveniently.

- Accept all major credit and debit cards as well as PIN debit and signature debit transactions.
- Securely store bank and credit card information in a Sage Payment Solutions vault—not your software.
- Access the data you want whenever you need it.
- Reduce the risk of theft, credit card fraud, and legal action with strict adherence to the highest industry standards.

Easily accept virtual checks and ACH payments

Allowing your clients to pay by ACH, in addition to credit cards, improves customer satisfaction and could lead to increased sales. In turn, you accelerate your cash flow and handle collections easier and more efficiently.

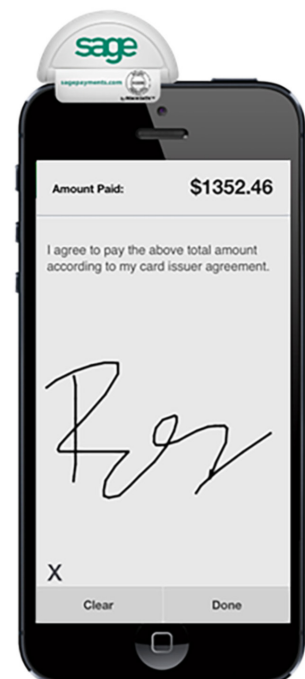

- Take advantage of the rapid growth of electronic payment methods.
- Process customer debits quickly by entering the payment information through Sage 100 Contractor or Sage 300 Construction and Real Estate.
- Increase your (and your employees') productivity by reducing numerous deposit trips to the bank.
- Opt to view a transaction snapshot or detailed deposit history overview.

Accept payments out in the field

Have service technicians out in the field? Give them the ability to collect payment and a customer's signature on site with Sage Mobile Payments, a secure mobile payments solution that can be used on more than 400 mobile devices.

- Use a convenient mobile card reader attached to your mobile device.
- Eliminate electronic card skimming schemes with end-to-end encryption.
- Incur no additional fees or limits on monthly credit card transaction volume.
- Even use offline without Internet access (if you are working in the basement of a building or from a remote location, for example).

- An industry leader for more than 40 years, Sage offers a breadth of job-ready solutions.
- We've now integrated Sage 100 Contractor and Sage 300 Construction and Real Estate with Sage Payment Solutions, so you can enjoy improved cash flow, expanded sales opportunities, and reduced transaction costs.
- By consolidating your receivables payment processing and accounting systems, you streamline your payment data entry, cut trips to the bank, and get paid faster. Plus, you avoid the risk of noncompliance and potential fines, fraud, and litigation with safe, secure data storage.

Sage Construction and Real Estate

Deposit checks right from your desk

If you receive a large volume of paper checks or are concerned about the risk of bad checks, Remote Deposit Capture can simplify your deposit processing and protect against bad checks with guaranteed funds.

- Quickly scan paper checks with an imager attached to your computer and securely deposit them right from your desktop.
- Accept all types of checks drawn on U.S. banks, including personal, business, government, travelers, cashiers, and certified checks; equity lines of credit; and money orders.
- Receive checks in person, by mail, or at a dropbox.
- Eliminate the risk of bad checks and returned check fees with guaranteed funds.

Control employee credit card expenditures

Sage Business Prepaid Visa® cards help you maintain control of how much and where each employee can spend on behalf of your company.

- Manage employee spending on gas, tools and materials, travel, meals, and more in real time.
- Allocate funds immediately for an employee on the road who needs to make an emergency business-related purchase.
- Always be prepared if a job requires a last-minute trip to the hardware store for supplies.
- Download monthly reports to track past spending and improve your budgeting process.
- Your funds are FDIC insured through The Bancorp Bank; Member FDIC.

Track all your payments. All in one place.

Whether you're in the office, on the jobsite, or at a customer's location, set up shop and start accepting any type of payment in minutes. Sage Exchange is the only place you can manage your entire world of payments from one screen, at no cost, when you sign up with Sage Payment Solutions.

A true business solution that goes well beyond basic merchant services, Sage Exchange is a simple, all-in-one payment management system that saves you time and resources by consolidating all your payment processes.

- Control everything through a single website—Sage Exchange.
- Accept multiple forms of payment across multiple locations.
- Free up time you'd normally spend on data entry as well as running and reconciling reports.
- Get a real-time view of cash flow across all payment channels.
- Add new payment options quickly as your business grows or your customers change payment methods.
- Easily synch to Sage 100 Contractor or Sage 300 Construction and Real Estate.

For more information, contact your Sage business partner or customer account manager at 800-858-7095.
